· Namakkal,Tamilnadu · +919500756672

Enthusiastic and detail-oriented full stack developer with a solid foundation in web development technologies and a passion for creating dynamic, user-friendly applications. Seeking an entry-level position to leverage my technical skills and contribute to innovative projects.

Skills

Programming skills — Java - Python
Front-End Technology — HTML - CSS - Javascript
Back-End Technology — JDBC - Servlet - Hibernate
Database Management — MYSQL
Version Control — Git, GitHub
Soft Skills — Problem-Solving - Analytical Thinking - Team Collaboration

Project

Personal Portfolio Website

· Developed a responsive portfolio using HTML, CSS, and JavaScript to showcase personal details, experience, education, projects, skills, and contact information. Implemented interactive features and modern design principles. Deployed on GitHub Pages for accessibility.

Marketing Data Analytics for an E-commerce Company

· Collected, cleaned, and analyzed marketing data to derive meaningful insights.
· Conducted descriptive statistics and data visualization to report findings.
· Presented data-driven conclusions to stakeholders, aiding in strategic decision-making.

Experience

Trainee — Web development intern (Gateway Software Solutions)   2023

· Completed a 30-day internship focusing on web development. Developed and maintained web applications using HTML, CSS, and JavaScript.
· Collaborated with senior developers to design and implement user-friendly interfaces. Gained hands-on experience in coding, debugging, and testing. Contributed to team projects and participated in code reviews.

Education

B.Tech in Artificial Intelligence and Data Science – V.S.B Engineering College || CGPA-8.1   2021-2025

Higher Secondary Certificate – Karur Vetri Vinayaga Mat Hr Sec School || Percentage-86.9   2021

Secondary School Leaving Certificate – Kalaimagal Mat Hr Sec School || Percentage-86.6   2019

Certification

Data Science for Engineers - NPTEL

Accomplished the NPTEL Data Science for Engineers certification, showcasing proficiency in advanced data science techniques tailored for engineering applications.

Activities

Big Data Analytics and Cyber Security Solutions

Workshop was conducted by DRDO explaining about real time usage of Big Data and Cyber Solutions to ensure Data confidentiality and integrity
